

SCIENTIFIC MEET

Rotary Endodontics—CDE program

Conservative Dentistry and Endodontics Association (CEAT) in association with Coltene Whaledent, India conducted a one day lecture and hands on course for the association members on 4th Dec 2016. The guest speaker Dr Jayshree Hegde, renowned endodontist from Bengaluru, gave an indepth analysis of the Hyflex files, its types and various applications compared with other rotary files currently available in the market.

The event was inaugurated by Dr Rajasekaran M, Honorary Secretary, Dr Veni Ashok B, Joint Secretary and Dr Kavitha M, Editor-in-Chief Journal of Operative Dentistry.

The lecture was followed by a live demonstration. In the afternoon session, the participants attended the hands on course and had interactive session with Dr Jayshree Hegde. The event was attended by 150 members of the association.
