

Recapitulation

The Annual Continuing Dental Education (CDE) program Recapitulation – VIII was conducted as an International symposium on July 8, 2016, at Meenakshi Ammal Dental College by Department of Conservative Dentistry and Endodontics. We were honored to have Dr Anil Kishen, Professor, Head, Discipline of Endodontics, University of Toronto, Canada, who delivered a guest lecture on “Root Dentin Stabilization.” The program was attended by over 250 delegates from colleges across India. This program provided an opportunity for delegates and postgraduate students to have an insight into an unexplored topic “Root Dentin Stabilization.”
