Contents

ORIGINAL RESEARCH

Biological

• Periodontal Status in Subjects with Hyperlipidemia and Determination of Association between Hyperlipidemia and Periodontal Health: A Clinicobiochemical Study .................. 785-789
  TP Shivakumar, Veena Ashok Patil, Manthan H Desai

• Comparative Evaluation of Self-etching Primers and Phosphoric Acid Effectiveness on Composite to Enamel Bond: An in vitro Study .................................................. 790-795
  Basanagouda S Patil, BK Raghavendra Rao, SM Sharathchandra
  Reshima Hegde, G Vinay Kumar

• Effect of the Association between Citric Acid and EDTA on Root Surface Etching.......... 796-800
  Fabio Renato Manzolli Leite, Gustavo Giacomelli Nascimento, Elza Regina Manzolli Leite
  Amauri Antiquera Leite, José Eduardo Cezar Sampaio

• Estimation of Serum Copper and Zinc Levels in Oral Submucous Fibrosis:
  An Atomic Absorption Spectroscopic Study ................................................................. 801-805
  H Neethi, Shankargouda Patil, Roopa S Rao

• Objective Evaluation of Cervical Vertebral Bone Age—Its Reliability in
  Comparison with Hand-Wrist Bone Age: By TW3 Method ............................................. 806-813
  CMS Krishna Prasad, Vamsi Nilay Reddy, Gojja Sreedevi, Swaroopa Rani
  Ponnada K Padma Priya, B Raveendra Naik

• Comparison of the Serum Immunoglobulin IgM Level in Diabetic and
  Nondiabetic Patients with Chronic Periodontitis .......................................................... 814-818
  J Kranthi, KNV Sudhakar, Reena Kulshrestha, PV Krishnam Raju
  Ankur Razdan, TS Srinivasa

• The Effects of Phase III Cardiac Rehabilitation in Serum and Salivary Hs-CRP and
  Anthropometric Measurements in Patients with Coronary Artery Disease ..................... 819-824
  Boshra Jamshidpour, Behrouz Attarbashi Moghadam, Behnoosh Vasaghi-Gharamaleki
  Iraj Mirzaii-Dizgah, Mostafa Nejatian

Clinical

• An in vitro Study to Compare the Effectiveness of F-file with Ultrasonically Activated
  K-file to Remove Smear Layer by using a Scanning Electron Microscope ....................... 825-829
  Suresh Shenvi, B Shiva Kumar
• Effect of Energy Drinks on the Surface Texture of Nanofilled Composite Resin .......... 830-835
  Khalid H Al-Samadani

• A Cephalometric Study to Determine the Center of Anteroposterior Curve of
  Occlusion in the Cranium ............................................................................................. 836-841
  Thota Kiran Kumar, Vivek Thomas, Sanjay Nilawar, R Balamurugan
  Baldeep Singh Marwaha, V Vinod

• An in vitro comparison of Antimicrobial Efficacy of Three Root Canal Irrigants—
  BioPure MTAD, 2% Chlorhexidine Gluconate, and 5.25% Sodium
  Hypochlorite as a Final Rinse against E. faecalis .......................................................... 842-847
  Vinod Agrawal, MS Rama Rao, Kanupriya Dhingra, V Rajesh Gopal
  Abhijita Mohapatra, Abhilash Mohapatra

• Compare the Efficacy of Two Commercially Available Mouthrinses in reducing
  Viable Bacterial Count in Dental Aerosol produced during Ultrasonic
  Scaling when used as a Preprocedural Rinse .................................................................. 848-851
  Shamila K Shetty, Karanth Sharath, Santhosh Shenoy, Chandini Sreekumar
  Rashmi N Shetty, Thomas Biju

• An Investigation of Blood Hemogram and Estimation of Serum Iron and Protein
  Levels in Aggressive Periodontitis Patients: A Clinic Biochemical Study .................. 852-857
  P Krishna Rao, R Vamshidhar Reddy, Sagar Arjun Mapare, Venkat Ratna Nag
  K Gowtham, Dimple Arora

• Effectiveness of Desensitizing Agents in relieving the Pre- and Postcementation
  Sensitivity for Full Coverage Restorations: A Clinical Evaluation .............................. 858-865
  Naveen Gupta, Upendra Natha Reddy, P Leela Vasundhar, K Sita Rama Rao
  KVV Pratap Varma, V Vinod

• The Effect of Different Bracket Base Cleaning Method on Shear Bond Strength of
  Rebonded Brackets ........................................................................................................... 866-870
  Emad F Al Maaitah, Sawsan Alomari, Elham S Abu Alhaija, Ahmed AM Safi

• Antioxidant Agents and Their Effects on Shear Bond Strength of
  Bleached Enamel ............................................................................................................ 871-875
  Horieh Moosavi, Fatemeh Maleknejad, Zahra Hoseinpour
  Lila Hatami, Mahsa Zeynali

• Long-Term Surface Hardness and Monomer Conversion of a Nanofilled and a
  Microhybrid Composite Resin ....................................................................................... 876-882
  Fernanda Ferreira Jassê, Carlos Henrique Braga Borges, Mateus Rodrigues Tonetto
  Alessandra Nara de Souza Rastelli, Vanderlei Salvador Bagnato, Edson Alves de Campos
  Reidson Stanley Soares dos Santos, Matheus Coelho Bandeca, José Roberto Cury Saad

• Flowable Composite an Alternative Orthodontic Bonding Adhesive:
  An in vitro Study ............................................................................................................. 883-886
  K Supradeep Kumar, C Hanumantha Rao, KV Baburam Reddy, S Chidambaram
  HC Girish, Sanjay Murgod
• Fluoride releasing and Uptake Capacities of Esthetic Restorations ........................................... 887-891
  M Gururaj, Rajesh Shetty, Moksha Nayak, Shwetha Shetty, CN Vijay Kumar

• Shear Bond Strength of Acrylic Teeth to Acrylic Denture Base after Different Surface Conditioning Methods ........................................................................................................ 892-897
  Gajula Venu Madhav, Soundar Raj, Naveen Yadav, Ishitha Mudgal, Nidhi Mehta, Riddhi Tatwadiya

• Comparative Evaluation of Shear Compressive Bond Strength between Cross-linked Acrylic Resin Denture Base and Cross-linked Acrylic Resin Teeth with Different Modifications of Their Ridge Lap Surfaces ................................................. 898-903
  Leena Sadar, Swaroop Dhume, Neena Maniar, Jeevan Prakash Patil, Prasad Rane, Mahesh Gandhewar

Epidemiology

• A Study to evaluate the Frequency and Association of Various Mucosal Conditions among Geriatric Patients ........................................................................................................................................... 904-910
  RGK Shet, Shobith R Shetty, Kalavathi M, M Naveen Kumar, Rishi Dev Yadav, Soumya S

• Comparison of Mutans Streptococcal Strains of Father, Mother, and Child in Indian Families using Chromosomal DNA Fingerprinting ........................................................................................................ 911-916
  Amar N Katre, SG Damle

• A Comparative Evaluation of Shear Bond Strength of Different Pits and Fissure Sealants: An in vitro Study ........................................................................................................................................ 917-923
  Nitin Singh, Govind Agrawal, AV Subhash, S Suneela, Aparna S Barabde, G Ajay Kumar

• Evaluating the Antimicrobial Activity of Commercially Available Herbal Toothpastes on Microorganisms Associated with Diabetes Mellitus ............................................................................. 924-929
  Feroz Jenner, V Abdul Jaleel, Reena Kulshrestha, G Maheswar, P Krishna Rao, J Kranthi

• A Comparative Clinical Evaluation of Diet Intake and Effect of Various Nutritions on Aggressive Periodontitis Patients ................................................................. 930-938
  Sagar Arjun Mapare, P Krishna Rao, R Vamshidhar Reddy, MG Manoj Kumar, VSS Chandana Gorithi, PV Krishnam Raju

• Evaluation of Malocclusion in MPDS ...................................................................................... 939-943
  KVV Pratap Varma, Raja Bhaskar Reddy, S Nanda Kishore Reddy, Sita Rama Rao, Praveen Kumar Neela, Naresh V

CASE REPORT

• Developmental Malformation of Primary and Permanent Dentition: A Rare Sequel of Trauma .............................................................................................................. 944-947
  Garima Jindal, Dipanshu Kumar

• A Novel Treatment of Gingival Recession using a Botanical Topical Gingival Patch and Mouthrinse ........................................................................................... 948-953
  William Z Levine, Noah Samuels, Meytal Elia Bar Sheshet, John T Grbic
• Pressure-induced Alopecia from Orthodontic Headgear ......................................................... 954-956
Sridhar Premkumar, Kalanjiam Vidya

• The Correction of Maxillary Deficiency with Internal Distraction Devices:
  A Multidisciplinary Approach ........................................................................................................ 957-962
A Alper Öz, Mete Özer, Lütfi Eroglu, Oguz Suleyman Özdemir

• Impeded Eruption of Mandibular Canine.................................................................................. 963-967
Gauri S Lele, Darshan Modi

• Removal of a Fractured Locator Abutment Screw Fragment .................................................. 968-972
Ilser Turkyilmaz, Matthew Joseph Vierra, Neset Volkan Asar

• Utilization of Different Management Concepts in Fractured Tooth Fragment
  Reattachment: A Report of Three Cases......................................................................................... 973-979
Nishtha Patel, Kiran Patel, Karthik Venkataramghavan, Sonal Madan

REVIEW ARTICLES

• Extra Roots and Root Canals in Premolar and Molar Teeth: Review of an
  Endodontic Challenge.................................................................................................................. 980-986
Zahed Mohammadi, Sousan Shalavi, Hamid Jafarzadeh

• The Museum Maze in Oral Pathology Demystified: Part II....................................................... 987-992
Shankargouda Patil, Roopa S Rao, BS Ganavi

• Miniscrew Implants as Temporary Anchorage Devices in Orthodontics:
  A Comprehensive Review............................................................................................................ 993-999
Gaurav Jasoria, Wamiq Shamim, Saurabh Rathore, Amit Kalra
Mona Manchanda, Nitin Jaggi

• Hemangioma: Review of Literature............................................................................................. 1000-1007
Tarun Ahuja, Nitin Jaggi, Amit Kalra, Kanishka Bansal, Shiv Prasad Sharma
