The Journal of Contemporary Dental Practice
August 2016 Volume 17 Number 8

Contents

• Editorial ........................................................................................................................................................... 615-617

ORIGINAL RESEARCH

• Prevalence of Candida spp. in Healthy Oral Mucosa Surfaces with Higher Incidence of Chronic Hyperplastic Candidosis ................................................................. 618-622
  Cláudia Arruda, Gabriela Artico, Roseli Freitas, Antônio Filho, Dante Migliari

• Cone Beam Computed Tomography-based Evaluation of the Anterior Teeth Position Changes obtained by Passive Self-ligating Brackets ...................................................623-629
  Fernando K Rhoden, Liliana Á Maltagliati, Ana C de Castro Ferreira Conti, Renata R Almeida-Pedrin, Leopoldino C Filho, Maurício de Almeida Cardoso

• Failure Rates of Orthodontic Fixed Lingual Retainers bonded with Two Flowable Light-cured Adhesives: A Comparative Prospective Clinical Trial ........................................ 630-634
  Nabeel F Talic

• Nano-hydroxyapatite could Compensate the Adverse Effect of Soft Carbonated Drinks on Enamel ....................................................................................................................635-638
  Mohammad B Rezvani, Mohammad R Rouhollahi, Fahimeh Andalib, Faeze Hamze

• Work-related Musculoskeletal Pain among Different Dental Specialists in United Arab Emirates ...............................................................................................................................639-644
  Natheer H Al-Rawi, Hiba El Khatib, Lin Rajoub, Mariem El-Sayed, Rawand Naji Reem Yousef, Sausan Al Kawas

• Remineralizing Effect of Topical NovaMin and Nano-hydroxyapatite on Caries-like Lesions in Primary Teeth .....................................................................................................645-649
  Roza Haghighoo, Motahare Ahmadvand, Sareh Moshaververina

• Antibacterial Activity of Leaf Extract of Annona muricata and Simarouba glauca on Enterococcus faecalis .............................................................. 650-653
  Jain Mathew, Reshmi George, Robin Theruvil, Tobin C Padaval, Lincy Tomy, Anil Kurian

• Assessment of Correlation between Clinical Parameters and Pulp Canal Pathogens in Endodontic Pathologies: A Microbiological Study ........................................ 654-658
  Vinisha Pandey, Isha Choudhary, Vinip Kumar, Prashant Tripathi, Abhinav Misra, Hiroj Bagde

• Impact of Various Irrigating Agents on Root Fracture: An in vitro Study ............................................... 659-662
  Sukriti Tiwari, Pradnya Nikhade, Manoj Chandak, C Sudarshan, Priyadarshini Shetty, Naveen K Gupta

• A Comparative Study of the Retentive Strengths of Commercial and Indigenously Developed Luting Cements using Both Lathe-cut and Clinically Simulated Specimens ..................................................663-669
  Joe Mathew, Byju P Kurian, Biju Philip, Sunil Mohammed, Preetha Menon, Rajan S Raj

• Intricate Assessment and Evaluation of Effect of Bruxism on Long-term Survival and Failure of Dental Implants: A Comparative Study ........................................ 670-674
  Kajal Yadav, Abhishek Nagpal, SK Agarwal, Aarti Kochhar
The Journal of Contemporary Dental Practice

- **Comparative Evaluation of Pediatric Patients with Mental Retardation undergoing Dental Treatment under General Anesthesia: A Retrospective Analysis** ........................................ 675-678
  Ravish Ahuja, Bhuvan Jyoti, Vinod Shewale, Shridhar Shetty, Santosh Kumar Subudhi, Manpreet Kaur

- **Improved Visualization and Assessment of Condylar Position in the Glenoid Fossa for Different Occlusions: A CBCT Study** ................................................................. 679-686
  Amandeep Kaur, Amanpreet S Natt, Simranjeet K Mehra, Karan Maheshwari, Gagandeep Singh, Amanjot Kaur

- **Retrospective Analysis of Different Bracket Systems used in the Treatment of Patients with Anterior Crowding: A Longitudinal Comparative Study** ....................... 687-691
  Shipra Sepolia, Atul PS Kushwah, Amanpreet Singh Natt, Lipika Vashisht, Sushil Kumar Sahoo, Santosh Kumar Subudhi

**REVIEW ARTICLE**

- **Evaluation of Potential Risk Factors that contribute to Malignant Transformation of Oral Lichen Planus: A Literature Review** ................................................................. 692-701
  Farzaneh Agha-Hosseini, Nafiseh Sheykhbahaei, Maryam-Sadat SadrZadeh-Afshar

**CASE REPORTS**

- **Trauma due to Self-aggression in Patient with Waardenburg Syndrome associated with Congenital Anomalies** ........................................................................................................ 702-705
  Sara Nader Marta, Roberto Yoshio Kawakami, Claudia Almeida Prado Piccino Sgavioli, Ana Eliza Correa, Guaniana D’Ark de Oliveira El Kadre, Ricardo Sandri Carvalho

- **A Solitary Phlebolith in the Buccal Mucosa: Report of a Rare Entity and Clinicopathologic Correlation** ........................................................................................................... 706-710
